## ANNOUNCEMENTS.

For State Senate.

We are authorized to announce Hon. BRIG H. HARRIS, of Boyd county, as a candidate for the State Senate from the district composed of Boyd, Lawrence, Johnson and Martin counties, subject to the action of the Republican party.

Farmers are urged to attend the tent meetings at Louisa Thursday, Friday and Saturday of next week.

Kentuckians are reported to be very fond of voting. The surprisingly small vote of last Saturday would seem to indicate that they are losing their taste for this form of amusement.

The Democrats of the Eighth district of Kentucky went to sleep last Saturday and permitted King Swope to defeat Judge Charles Hardin for Congress. This is only the second time in the history of the State that the 8th has elected a Republican congressman. Swope is a young man of very ability. It is said, who is just entering upon the practice of law.

Government ownership of railroads would mean that no more taxes would be paid to states, counties, cities or nation by these great properties. Like everything else that happens, the masses of the people would be called upon to make up the loss. They are the goats on every proposition that increases costs. When railroads raise rates the people pay the increase. When the railroads lose money, as they are now doing, the people must make up the difference.

The victory of Gov. Black last Saturday mused up the record of Tom Cromwell, the Kentucky political correspondent for the Cincinnati Enquirer, whose forecasts for several years have been remarkably accurate. This is the first time he has missed the result. He has a system of making a postal card canvass that heretofore has doped it correctly in advance. Gamblers were betting even money on the result of the Governor's race the night before the primary.

In the campaign just closed the NEWS accepted all the political advertising offered by the various candidates at our regular rates. Not a word was said editorially either for or against any candidate, as it has long been the rule of this paper to take no part in a primary, unless some very unusual reason for doing so should exist. We did not discover any such reason in the recent campaign.

The successful ticket appears at the head of this column and the NEWS is for it strong.

The railroad unions have issued a statement demanding that capital retire from all railroads and that they be operated by the employees and the government and "the public."

A more dangerous and impractical proposition was never before seriously proposed in the United States. It sounds like Russia's present misgovernment.

The highest type of business genius is required to successfully manage railroads so that the public may have reasonable rates for freight and travel and service that will meet the needs of the country. Such talent will not be available under the plan proposed by the short-sighted fellows who have made it.

Government ownership of a railroad means that the country's largest and most important artery of industry will become a political machine subject to the powers and abuses of political plans. This already has been demonstrated under conditions forced by the war. It is easy to see where it is leading to. "The public" can not operate the roads. The trainmen can not do it. The prosperity of the country depends upon orderly, business-like and efficient management of its railroads. The men employed in that work are injuring themselves as well as their country when they advocate a plan that must result in wreck and ruin. Is there no leader amongst them wise enough and sufficiently courageous to lead them back to a safe and conservative position? They need another leader like Arthur, who took care of their rights without using force and crippling the country.

## TWIN BRANCH.

Smith Jobe, who has been seriously ill for some few days, is better. Also his daughter, Birdie, who is a victim of typhoid fever.

The heavy rain here last week was heartily welcomed by the farmers but it has left the roads in a very bad condition.

## RESOLUTIONS

The following resolutions were adopted by the Lawrence County Teachers Institute:

RESOLVED, That we heartily approve of the time and the place and the manner of holding this institute; and that we express our appreciation of the work of our instructor, Prof. Brodner, and respectfully ask that he be employed again next year.

RESOLVED, That we thank Mr. R. T. Burns for visiting our institute and showing his interest in our work and that we thank all other citizens of Louisa who have helped to make this a pleasant week for us, and that we express our appreciation of the words of cheer spoken to us by Mr. Nichols, Mr. King and other visitors from away.

RESOLVED, That we enthusiastically endorse the cause represented by Mrs. Charles P. Weaver and pledge our sincere efforts in behalf of the desired fund for the Kentucky Children's Home.

RESOLVED, That we unanimously approve the federation of the teachers of Lawrence county and also of the State of Kentucky for the promotion of the highest interests of the teaching profession within our state and county.

RESOLVED, That we express our glad welcome to the return of our soldiers to our county and to our institute and teaching profession.

## An Everlasting Memorial

for the dead is WHITE BRONZE MONUMENTS AND TOMBSTONES, more artistic, more enduring and less expensive than granite or marble. Meets all requirements for a perfect memorial. Can't become moss grown, neither does it chip, crack or crumble from action of frost. Guaranteed never to rust or corrode from exposure to the elements. Have hundreds of designs to select from at astonishing low prices. Call at my office and see samples of the bronze and cuts of designs and their reasonable prices.

Wm. M. FULKERSON  
LOUISA, KY.

RESOLVED, That we try to show to our County Superintendent, Prof. J. H. Ekers, our genuine and great appreciation of his interest in us and the fair and impartial administration he has been giving us ever since he entered upon the duties of his difficult office; and promise him our utmost cooperation in his efforts to improve the school of Lawrence county.

RESOLVED, That we as teachers approve the building of dirt roads which can be ultimately changed into hard roads throughout the county.

# Yes, it's toasted

YOU know how much toasting improves bread. Makes it taste good. Of course—more flavor.

Same with tobacco—especially Kentucky Burley.

Buy yourself a package of Lucky Strike cigarettes. Notice the toasted flavor. Great! Nothing like it. The real Burley cigarette.
